WCD is thrilled to present *Black Ballerina* by award-winning and critically acclaimed Syreeta Hector. Based on Hector's blackness & indigeneity in relationship to classical ballet, award-winning and critically acclaimed *Black Ballerina* explores the nuances within identity & the unconscious ways one tries to fit in. This will be the first time Toronto-based Hector's work will be presented in Manitoba.

New Creation by Artistic Director, Jolene Bailie, featuring an ensemble of Winnipeg dancers and lighting by long-time collaborator, Hugh Conacher. Known for her visual and complex work, Bailie creates experimental works that are abstract, personal and reflective. This new work uses collage to explore dynamics of perceptions and desire.

WCD is thrilled to commission Mélanie Demers to create a new work for WCD! This new work will be programmed with Demers' solo *l'icône Pop*. Internationally acclaimed, Demers' work has been presented throughout Europe, the Americas, Africa, and Asia. Her multi-award-winning work is known for its originality, intensity, and complexity. This show features a unique audience experience with performances inside the theatre and "in situ" in the McKim Building's underground parkade.
